CAPABILITY STATEMENT

Contract Speech-Language Pathology Services

School-based expertise. Flexible partnership.

Different strengths. **Limitless potential.**

Flexible school-based speech-language services that support communication, participation, and student success.
The Adaptive University LLC partners with schools, districts, charter networks, special education cooperatives/SSAs, and education organizations, offering flexible speech-language pathology services backed by 18+ years of clinical and educational experience. We work alongside your team to create inclusive, person-centered services that build on individual strengths, support meaningful participation, connection, and belonging, and meet applicable legal requirements and professional standards.
